

Yicheng Zhao

Undergraduate Student in Mathematics and Applied Mathematics | Double Degree in Artificial Intelligence

School of Mathematical Sciences, Shanghai Jiao Tong University, Shanghai, China
zhaoyc426@sjtu.edu.cn | github.com/Zhaoyc426 | orcid.org/0009-0009-2049-7214

Research Interests

Machine Learning; Portfolio Management; Financial Time Series

Research Profile

Interested in uncertainty-aware temporal representation learning, probabilistic expert routing, heavy-tailed return modeling, and cost-aware portfolio construction for cross-sectional equity markets.

Education

2024.09 - 2028.06	Shanghai Jiao Tong University B.S. candidate in Mathematics and Applied Mathematics; double degree in Artificial Intelligence Rank: 20/69 (top 30%). Shanghai Jiao Tong University Undergraduate Merit Scholarship.
2021.09 - 2024.06	Shanghai Jiao Tong University High School High school education

Research Project

VESTA: Variational Experts with Soft Routing for Tail-Aware Portfolio Management

Independent research project combining market-contextual temporal representations, uncertainty-aware mixture-of-experts routing, Student-t return distributions, and portfolio-oriented optimization.

Honors and Technical Skills

Honors

- Shanghai Jiao Tong University Undergraduate Merit Scholarship
- Third Prize, 17th National Undergraduate Mathematics Competition, Shanghai Region
- M Award, 2026 Mathematical Contest in Modeling (MCM)
- College English Test Band 6: 604

Programming

Python (PyTorch, pandas), C++, MATLAB.

Mathematics

Mathematical analysis, linear algebra, complex analysis, probability, ordinary differential equations.

Activities and Experience

- **Publicity Committee Member**, Mathematics Class 2401, Shanghai Jiao Tong University. Wrote articles for school and student organization channels; received a first-prize evaluation in a themed class activity.
- **Summer Research Position, 2024-2025**. Explored heuristic tree-search algorithms for artificial intelligence.
- **Volunteer**, China International College Students' Innovation and Entrepreneurship Competition 2024.
